ATTENDEES- ALL ARE WELCOME TO ATTEND

1. Updates

- Walk to Read: We are doing things great, district observations went well; lessons are being taught to fidelity and enrichment groups are challenging those kids who need it. Go Westvale!
- Staffing is getting better; many positions are getting filled

2. Safe Routes

- Having an adult at the corner in front of the school is helping to cut down on kids crossing illegally to the golf course parking lot
- Can we reinstall a speed limit sign on 2700 west where the crosswalk used to be at the end of Gardner lane?
- Still no sidewalk near Brittni's house (roughly 2200 to 2000W), kids are walking in the road to get around cars that are parked there. This is made even worse during winter with snowpack.

3. Title I Plan

- Second Goal: K-2 at least a year's growth in Acadience
 - i. PDs are being provided
- Third Goal: Reduce number of behavior office referrals and minor incidents by 20%
